

DSPN welcomes the newest member of our WISDOT Roadside Facilities Team, Cade Sorensen. Cade is our new full-time Field Inspection Manager, and we are looking forward to working with him.

Cade brings to our team 10+ years of Property Management and Facilities experience. Most recently, he was the Assistant Superintendent of Vitense Golf and in Madison. In addition, Cade has extensive experience in Preventative Maintenance, Inventory Management, and Recreation Management.

Originally from a small town in Southwestern MN, Cade now resides in Deforest, WI with his wife, Kelsey, a nurse at SSM Health in Madison. They have two sons Kemper (9) and Kyler (7).

In his free time, he likes to play golf, watch sports, cheer on his boys in youth sports, and go to the movies. Yes, you guessed it - he is a Vikings fan!

Cade will support the Roadside Team to ensure we remain actively in touch with and provide outstanding customer service to our Providers and WisDOT partners.

Please join us in welcoming Cade to DSPN.
